PROFESSIONAL SUMMARY

Results-driven Certified Scrum Master (PSM I) and Product Owner (PSPO) with over 7 years of experience driving Agile transformation, delivering enterprise IT, insurance, and ServiceNow platform solutions. Proven track record in sprint planning, backlog prioritization, release management, and stakeholder alignment, achieving measurable gains in delivery predictability, quality, and time-to-market. Adept at fostering cross-functional collaboration, coaching teams on Agile best practices, and removing delivery impediments to maintain high-performance team environments. Skilled in project coordination, workflow optimization, and KPI-driven decision-making, with demonstrated success in improving operational efficiency by up to 30% and stakeholder engagement by 40%. Technically proficient in JIRA, Confluence, Miro, Mural, SQL, and CI/CD pipelines, with expertise across Agile, Waterfall, and hybrid delivery models.

TECHNICAL SKILLS & CORE COMPETENCIES

Sprint Planning & Execution | Backlog Prioritization | Release Management | Agile Transformation | Scrum & Kanban Methodologies | Iterative Development | Release & Delivery Coordination and Management | Agile Project Management & Documentation | Sprint Planning & Execution | Agile and Waterfall methodologies | Scrum, Lean, SAFe, Kanban Frameworks | Data-Driven Reporting & Decision Making | Conflict Resolution / Problem Solving | Gap Analysis & Business Value Optimization | Cross-Functional Team Leadership | Risk & Issue Mitigation | Requirements Gathering | Jira | Confluence | Miro | Mural | UX/UI | PRD & User Story Creation | Software Development Lifecycle (SDLC) | Stakeholder Management | Budget & Resource Management | Business & Technical Alignment | Story Mapping & Dependency Mapping | Capacity Planning | Data Analytics & Reporting | Performance Metrics & KPI Tracking | Predictive Analytics | Issue & Impediment Tracking | Root Cause Analysis | Continuous Improvement | Quality Assurance & Testing. Skill Assessment | Agile Maturity Assessment | PAQ (Project Approach Questionnaire) | SaaS Implementation | CI/CD: Continuous Integration / Continuous Deployment & Delivery | SQL | Stakeholder & Client Engagement and Communication | Release & Delivery Coordination and Management | Workflow Process Optimization and Automation

PROFESSIONAL EXPERIENCE

SERVICE NOW SCRUM MASTER

August 2023 to Present

- Facilitated collaborative sessions with Product Owners and ServiceNow stakeholders to define product goals, refine the platform roadmap, and ensure alignment with ITSM, ITOM, and other ServiceNow modules, resulting in 100% stakeholder alignment and a 15% reduction in scope-related conflicts.
- Managed all Agile ceremonies for ServiceNow delivery teams, including daily stand-ups, sprint planning, sprint reviews, and retrospectives, increasing meeting efficiency by 20% and sprint delivery predictability by 18%.
- Acted as a shield for the ServiceNow development team, removing blockers and managing dependencies, reducing sprint disruptions by 25%.
- Coached developers, admins, and business stakeholders on Agile and Scrum best practices, accelerating Agile maturity within the ServiceNow ecosystem by 30% over two quarters.
- Collaborated with business and IT stakeholders to align sprint deliverables with enterprise priorities and platform governance, improving release success rate by 15%.
- Defined sprint goals in collaboration with the ServiceNow development team, ensuring technical feasibility and compliance with platform standards, leading to a 10% increase in story acceptance rate.
- Monitored delivery progress using Agile metrics and platform KPIs, driving a 20% improvement in sprint velocity and reducing carryover work by 12%.

- Fostered collaboration across ServiceNow developers, architects, testers, and business users, increasing cross-functional engagement scores by 25% in team health surveys.
- Facilitated backlog grooming sessions to refine and prioritize ServiceNow epics/features, increasing backlog readiness by 35%.
- Led retrospectives to implement process improvements, improving delivery quality and reducing post-release defects by 22%.
- Advocated for Agile principles across ServiceNow delivery streams, resulting in a 15% improvement in time-to-market for platform enhancements.
- Protected the team from scope creep, ensuring sprint commitments were met with a 95% on-time delivery rate.
- Provided timely updates and reports in ServiceNow Agile boards and dashboards, increasing executive visibility into progress and risks by 40%.
- Encouraged a self-organizing team culture, boosting team autonomy scores by 20% and knowledge-sharing activities by 30%.

NEW YORK LIFE INSURANCE

SCRUM MASTER

July 2020 to August 2023

- Supported Agile delivery teams working on insurance, financial services, and enterprise IT systems by facilitating Scrum and Kanban practices, improving workflow efficiency by 20% while ensuring compliance with regulatory, security, and client confidentiality requirements.
- Assisted in organizing and participating in all Scrum ceremonies, including daily stand-ups, sprint planning, reviews, and retrospectives, helping teams achieve 95% on-time delivery against sprint commitments.
- Collaborated with senior Scrum Masters and Product Owners to manage the product backlog, ensuring 100% alignment of prioritized user stories with business value and stakeholder expectations.
- Helped the team remove blockers by coordinating with internal stakeholders, QA teams, and business units, reducing critical task delays by 15%.
- Participated in training sessions on Agile and Scrum best practices tailored to the insurance and financial services domain, contributing to a 25% increase in Agile adoption rate across teams.
- Assisted Product Owners in backlog grooming and user story clarification, resulting in 30% fewer story rework instances during sprint execution.
- Encouraged open communication and collaboration across cross-functional teams, including developers, business analysts, underwriters, and operations staff, improving inter-team coordination scores by 20% in stakeholder feedback surveys.
- Contributed to retrospectives by capturing team feedback and suggesting process improvements, leading to a 15% improvement in sprint planning efficiency.
- Tracked sprint progress through burn-down charts, task boards, and Agile metrics, increasing delivery visibility to stakeholders by 40%.
- Provided support in protecting the team from outside interruptions, helping maintain a 90% focus rate on committed sprint work.
- Promoted team ownership and accountability while ensuring 100% role clarity across Agile teams within the insurance technology landscape.
- Championed Agile values in the insurance industry context by adapting to evolving business needs, supporting the delivery of solutions that improved customer experience ratings by 18% and operational efficiency by 22%.

XYZ

PROJECT COORDINATOR

May 2018 to July 2020

- Assisted the Project Manager in developing and executing detailed project plans, schedules, and work breakdown structures, ensuring 98% on-time, in-scope delivery.

- Coordinated cross-functional resources, assigned tasks, and aligned efforts between teams, stakeholders, and vendors, improving team collaboration efficiency by 25%.
- Maintained and updated comprehensive project documentation, including scope statements, milestones, deliverables, and change logs, increasing documentation accuracy by 30%.
- Acted as the central communication point, facilitating collaboration across departments and resolving conflicts, resulting in a 20% reduction in escalation cases.
- Scheduled, organized, and led project meetings, capturing agendas and action items, ensuring 95% closure rate of assigned follow-up tasks.
- Monitored project progress using dashboards, status reports, and tracking tools, improving reporting turnaround time by 40%.
- Identified and tracked potential risks and issues, maintaining risk registers and supporting mitigation strategies that reduced project delays by 18%.
- Tracked KPIs and success metrics, providing leadership with actionable insights that led to a 15% improvement in milestone achievement rates.
- Assisted in managing project budgets by tracking expenses, reviewing invoices, and supporting cost control initiatives, helping to reduce overspending by 12%.
- Supported procurement and vendor management processes, maintaining contract compliance and achieving 100% audit readiness.
- Organized and managed project-related events, workshops, and training programs, increasing stakeholder participation by 35%.
- Managed project calendars, logistics, and resource availability, ensuring zero downtime in project execution.
- Contributed to process improvement initiatives, identifying workflow gaps and recommending solutions that boosted productivity by 22%.
